

Dear Parent/ Carer / Member of our Treetops Community,

14 years after our original plan to have a Sports Hall built on our new site, we are really hopeful that it is finally going to happen!

Long standing members of our community may remember plans being approved for our Sports Hall to be built after we moved into our new building in 2008. This never happened due to political and economic changes at that time.

However, our new Free School has been approved and work is due to start imminently.

As with the previous plan, we are looking to locate a Sports Hall, to be used by both schools and the wider SEND community, in between Treetops School and Treetops Free School

(see outline drawing below)

This proposal is due to be submitted for planning approval in August and it would really help to have your comments on how beneficial this will be for our pupils and the wider SEND community by 20th July.

Please email me with any comments: admin@treetops.thurrock.sch.uk

Many thanks

Paul Smith

CEO

Treetops Learning Community
