

16th March 2021

Dear Parent/Carer

DROP OFF/PICK UP AND PARKING AT TREETOPS

As many of you are aware, the building of the new Treetops Free School is well underway and as a result, we have lost a significant number of car parking spaces within the school main parking area.

Although many of our children arrive to school on local authority transport, we still have a high number being dropped off and collected by parents and carers.

Please note the following:

DROPPING OFF AND PICK UP

- When dropping off/picking up students, please make use of the additional spaces available on the left of the mini roundabout (as you face the 6th Form building).

PARKING

- If you need to park, please make use of the overflow carpark on the right immediately after you pass through the school gates.
- Please do not park on pavements or grass verges.
- We respectfully request that you park considerately whilst visiting our school.

Thank you.

Yours sincerely

Mr J Brewer
